Frequently Asked Questions

What is EPP?

EPP stands for Exclusive Partner Program. It is a program created for your company that allows TELUS to offer discounted smartphones and rate plans.

Where can I take advantage of this offer?

Active employees of IPA
Go on your Perkopolis website

Is the program available to existing TELUS customers?

Yes. Existing TELUS customers can take advantage of this offer, however there are certain conditions that need to be met. Please visit your EPP Webstore or contact your dedicated specialist to learn more about the options available for you.

How much can I save?

Our discounts vary depending on the type of device and plan you need. Our discounts are based on smartphone/hardware credits and monthly percentage discounts on rate plans. Together, we are able to offer the best value through our EPP to view the latest device offerings and promotions available.

How many discounted accounts can I open?

Each employee can have one EPP account. Employees can add up to nine additional lines on their account by adding their family or loved ones. Employees can also add connected devices including tablets or smartwatches.

I'm with another carrier for my smartphone, can I keep my phone number when coming to TELUS?

Yes. You can port your number over from a different service provider and become a new TELUS EPP customer.

What kind of plans do you offer on EPP?

We offer the Peace of Mind rate plan. Peace of Mind plans offer endless data with no-overage charges. Please visit your EPP webstore below to learn more about these plans and the best option for you.
